RESPONSE

Sir:

This is in response to the United States Patent and Trademark Office Action
mailed 3 June 2004, which response is being made on or before 2 September 2004,
and for which no extension fees are due. Please amend the above-identified
application as follows:

Description of the Preferred Embodiments

Please amend the Description of the Preferred Embodiments lines 13-17 as

follows:

- (Amended) Referring now to the drawings, Figure 1, Element 1 illustrates the capsule
- 5 device. Travel through the human body is facilitated by casing that encloses and
- protects the transmitter and power unit. Element [Figure] 2 is the transmitter that will
- issue the distress signal identifying the location of the individual and element [figure]
- 3 is the power unit that will supply the energy to the transmitter.

Please amend Brief Description of the Drawings as follows:

BRIEF DESCRIPTION OF THE DRAWINGS

(Amended) The invention is herein described, by way of example only, with reference to the accompanying drawing [s], wherein:

5 **FIG. 1 is a diagram of the capsule. [casing.]**

[FIG. 2 is a diagram of the transmitter.]

[FIG. 3 is a diagram of the power unit.]

The Drawing

Please amend the drawing as follows:

Figure 1
